Sapper Creed

I am a sapper. The cutting edge of my country's sword.

I will always endeavor to complete my sapper mission regardless of available assets. My flexibility and special training shall provide my task force with a tool to overcome insurmountable odds.

I realize that I will be called upon for my expertise in all aspects of mobility, counter-mobility and survivability. The failure to effectively accomplish my mission could cost the lives of others.

I will set the example by keeping myself physically fit and mentally tough. I will strive to sharpen my sapper skills and the skills of those I support.

Sappers lead the way!
