SOARS (The Standard On - Line Applicant Response System)

Have you applied for a job in the Pacific Region using the Competitive Examination process lately ? If you have, you are now able to review the status of your application using SOARS. It's easy and secure ! Competitive Examination or Delegated Examining Unit (DEU) announcements are any announcement number that begins with CE-01. SOARS is available on our Home Page, <http://pacific-cpoc.ak.pac.army.mil/170300/index.htm>.

Those that have never accessed SOARS; it's easy and secure. When you first access SOARS you will be prompted to create your personal user ID, and password and asked to provide other identifying information to assure your log-in cannot be compromised. Please keep your SOARS Log-in information secured. Once you have created your personal log-in you're ready.

Finally, did you know, that you may apply on-line for any announcement that begins with CE-01 using two methods ? The two methods are as follows: (1) when viewing the announcement on Civilian Personnel On-Line (CPOL), click on the RESUME button right after the announcement OR (2) sending your resume directly to apps@cpocpac.army.mil. Please see the How to Apply instructions in each announcement.
